Guided Booth Tours

I What Buyer Club Members Say

“We discovered many new product types and a wide variety of options, including Chinese manufacturers that have already set up production overseas. It was also a great opportunity to meet people from the same industry, reconnect with old acquaintances, and make new contacts. We need to focus more on differentiation, product selection, quality, and service, instead of only competing on price.”

Surapat Trairattanathada (Thailand)

9000Group Co., Ltd.

“This marks my 15th time attending the show in person – and 2026 has easily been one of the best editions yet. The show is noticeably busier this year, and that’s exactly what makes it so exciting – seeing the industry come back to life with far more attendees than in recent years fills us with so much optimism. It’s been a fantastic 2026 show, and we can already tell the whole year ahead is going to be full of great new opportunities.”

Andres Abad (United States)

Masters Building Products

“We have been coming to DOMOTEX asia/CHINAFLOOR for over 20 years. It is where we have built and nurtured countless long-standing business partnerships, and every visit leaves us brimming with valuable, actionable insights. We look forward to returning for many more successful editions to come.”

Mark Doherty (United Kingdom)

Flanagan Distribution Scotland Ltd

“We attend DOMOTEX asia/CHINAFLOOR every year. This edition once again offered a comprehensive product mix, with clear zones across the wood flooring, resilient flooring, and carpet halls. Many exhibitors showcased new decorative patterns, and our discussions with several shortlisted suppliers were promising.”
